Circle F Horse Rescue Society is a registered non-profit, charitable organization. Our purpose is to care for horses that are no longer wanted for a variety of reasons and to provide a second chance for the horses through an adoptive home. Volunteers provide for the care, maintenance and handling of the horses.

The first section summarizes horse activity. The outline indicates when we first acquired a horse, when it was first adopted and when it was given permanent placement. We offer permanent placement after several months of adoption depending on how the adoption has progressed. Permanent placement means we transfer title and relinquish ownership of the horse. Within the agreement the horse may not be taken to auction or slaughter. Sometimes other stipulations are put in as well.
