

## Rocky -

Rocky is fine and enjoying life with his sweetheart Stormy. Stormy is a Morgan- 1/4- thoroughbred cross about 19 yrs-also a starved rescue. They camped at several pastures this summer and had lots of good grass. We also took in another mare for 4 months to help a friend out. Her name was Bette. She was a 7 yr old thoroughbred mare and pretty sweet and petite compared to my 2. She was pretty crazy about Rocky and schmoozed him a lot. She now has a good home and I am down to the black duo. I went to a 2 week course at UVIC and they stayed at a fancy barn while I was away. The lady told everyone Rocky was her new warm blood stud. She is a patient of mine and volunteered to look after them for free while I was at school. Oh, they also went to a pasture on the ocean for a few weeks-a resort. Rocky was flabbergasted by the sail boats and cruise ship liner. He spent a lot of time staring with his mouth open.
